

FT-6 - Flaring & Insertion Tool - Data Sheet

The flaring end of the tool facilitates the expansion of the cable providing easier insertion of “F” connectors. The insertion end makes “F” connector insertion fast and easy, even in cold weather. This tool is recommended for use on polyethylene jacketed cables and plenum cables, and is especially helpful when using tri-shield and quad-shield cables.

Specifications	
Connector Type	F
Color	Blue Handle
Length	4 1/4" (108mm)
Weight	0.322 lbs
UPC No.	811490012387
